MENTORING

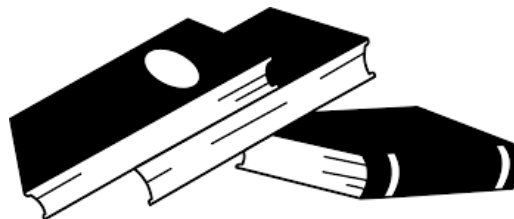

The University of Iowa Libraries provides a mentoring program whereby students in the School of Library and Information Science (SLIS) are paired with an academic librarian for a semester or longer.

For the Libraries, mentoring experiences provide the opportunity for staff to work with motivated students to enrich the experience of future librarians and to assist them in understanding the full spectrum of the work of an academic librarian

For SLIS students, the experience provides the opportunity to put into practice the theoretical framework provided in the classroom, the opportunity to learn more about an aspect of academic research librarianship as a career option, regular contact with a library professional, and socialization into the profession.

If you are interested, email Duncan Stewart, SLIS liaison, duncan-stewart@uiowa.edu

The Mentorship program is highly recommended by LISSO Officers!

B Sides is looking for student editors. Contact John McKerly john-mckerley@uiowa.edu if you are interested in being involved!

LISSO is looking for volunteers to curate exhibits in the case outside of the SLIS office. Email kaeli-nieves-whitmore@uiowa.edu if you would like to volunteer. If you aren't sure you can be involved this semester but would like to be included in the future, you are welcome to do that as well, just let Kaeli know!

UICB Workshop

Moku Hanga Workshop with Katie Baldwin ✧ September 28–30

Friday 4pm–8pm; Saturday & Sunday 9am–5pm
Kolarik Book Studio, 16 NH

Learn how to achieve multiple colors in a woodblock image with perfect registration through the traditional technique of Japanese woodblock printing. This workshop will be an introduction to the printing process moku hanga, which uses water-based pigments (or sumi ink), a kento registration method, and hand printing using a baren. Participants will learn about tools and materials, the carving technique and sequence, and printing methods associated with this process. All participants will have the opportunity to carve and print their own two-color image. One of the wonderful aspects of this process is that it does not require a press, or a large workspace!

Katie Baldwin is a printmaker and book artist living in Huntsville, AL. Under Queen Anne's Revenge Press, Baldwin produces artist's books and woodblock prints. She has exhibited extensively and her work can be found in collections including the Library of Congress in Washington DC. She has received grant funding to travel internationally as an artist-in-residence and was one of seven artists selected to learn traditional Japanese woodblock printing (moku hanga) from master carvers and printers at the Nagasawa Residency on Awaji Island, Japan. Baldwin received her MFA from the University of the Arts in Philadelphia. She served as Victor Hammer Fellow at Wells College 2011-2013 and is currently an Assistant Professor at the University of Alabama Huntsville.
